MINISTER FOR FORESTS & TRANSPORT

APD 245 FGL 59.

MINUTE

Dated May 25, 1959.

No 240(M)/59-60

Encls: Nine

Enclosed are the applications for grant of land in S.No. 299 of Dhanagur State Forest. I inspected the area on 23rd instant and found that some portion of the said S.No. could be released for cultivation, preferably for co-operative farming. The Chief Conservator of Forests may be asked to instruct the District Forest Officer, Mysore to prepare a sketch of the land that could be released on receipt of which further action can be taken.

Similarly there was demand for release of lands in S.No. 76 of Dabbahally village. Plantations have been raised in that No. and only a small portion of about 100 acres could be released. The Chief Conservator of Forests may be instructed to call for the sketch and send his remarks thereon immediately.

(K.F. Patil)

Office of the Minister for Forests and Transport.

NOTE

No 418/59-60 Bangalore, dated July 20, 1959.

No. AFD 245 FGL 59
D. 5066 29/5/59

The Minister for Forests & Transport had desired in his Minute No. 240(M)/59-60 dated 25-5-1959 to ask the Chief Conservator of Forests to instruct the D.F.O., Mysore to prepare a sketch of the land that could be released for co-operative farming out of Survey No. 299 of Dhangur State Forest and out of S.No. 76 of Dabbanahalli village both of which were inspected by the Minister on 25-3-1959 during his tour in Malavalli Taluk, Mandya District.

It is ascertained that no report has yet been received in the Secretariat so far.

The Minister therefore desires that the Chief Conservator of Forests may be asked to send up the report within a fortnight positively and that he may be also told that he will be personally held responsible for the delay if the report is not received within the specified period.

No.B3-234-2162/59

Chief Conservator's Office
Bangalore Dated 3-9 ~~August~~ 1959

To

The Secretary to Government
Agriculture and Forest Departments,
Bangalore.

Sir,

Sub:- Release of land for Co-operative forming out of S.NO.76 of Dabbanahalli and S.No.299 of Dhangur State Forest.

Ref:- Your Memo No.AFD 245 FGL 59 dated 1-6-1959 and reminders dated 28-7-1959.

I enclose a copy of letter No.A1-37-677/59 dated 6-8-1959 from the Conservator of Forests, Coorg Circle along with its enclosures and a sketch of the areas asked for release, for kind perusal. From the Conservator of Forests report it can be seen that S.No.76 of Dhabbanahalli asked for release is included in the zone earmarked for Shimsha Development and also it consists of dense growth of Sandal. In view of this it may not be advisable to release this area for cultivation. The other plots asked for release in S.No.299 of Dhangur and 93 of Halasahalli are asked for by the applicants for wet cultivation on the ground that the area may be ~~forfeited~~ benefited by the Hebhalla pick-up channel which has now been brought up to the D'line of the state forest in S.No.93. But from the Conservator of Forest's report it can be seen that these are not likely to get water at present. Hence I am of the opinion that the question of releasing the areas may be taken up when water is made available to irrigate these areas by extending the channel.

The nine applications received with your Memo under reference are retransmitted.

Yours faithfully,

(K.Kadambi)
Chief Conservator of Forests.

Sub:- REQUEST OF THE VILLAGERS OF HALAGUR~~X~~ MANDYA DISTRICT FOR GRANT OF LANDS IN DHANAGUR STATE FOREST

--

Ref.- Your letter No.B3-234-2162/58 dated 5-2-1959.

--

In enclosing herewith a copy of letter No.R.C.690 dated 7th July 1959, from the District Forest Officerm Mysore along with an extract from my Tour Journal for June 1959, I wish to state th for reasons explained both by the District Forest Officer and by me in the Tour Journal it would seem desirable to consult the Public Works Department regarding the project of extension of the channel which now ends ~~blid~~ blind near the " D " line and ascertain from them the extent of the lands that would become irr if and when the channel is at all extended and to consider the question of disreservation after the channel is actually extended and that only to the extent that would be commanded by this extended channel.

As the area at Dabbanahalli is included ~~x~~ within the Zone earmarked for Shimsha development and the area also consist a dense growth of Sandal, the request of the villagers for its dis reservation may be rejected.

A sketch of the state forest along with ~~18~~ 19 petition in original received from the District Forest Officer, are enclos herewith.

--

Copy of letter No.RC.690 dated 6/7th July 1959 from the District Forest Officer, Mysore to the Conservator of Forests, Coorg.

--

Sub:- Release of lands in S.No.299 of Dhanagur S.No.93 of Hala ~~and~~ and S.No.76 of Dabbanahalli in Dhanagur State Forest Man ~~District~~ Range.

Ref:- 1. Letter No.B3-234-2162/58 dated 2-7-1959. addressed to you and copied to me.

2. Memo No.6864/59 dated 12-6-1959, from the Chief Conservator of Forests in Mysore Bangalore addressed to me and copied to you.

--

With reference to the above, I write to state as follows.

1. The lands in S.No.299 of Dhangur and S.No.93 of Halasahalli were inspected by the Hon'ble Minister for Forests on 23rd May 1 This was also inspected by me on 21st May 1959 and also on 27th 1959 in company with the Conservator of Forests, Mercara. It is out of the applications from the villagers of Halagur Hobli that want the lands for wet cultivation, merely for the fact, they are going to be benefitted by the Hebhalla pick up channel which is brought upto the "D" line of the state forest in S.No.93 It is acertained that ever since the formation of the channel, w has not been fed upto this point, a distance of 1 mile. At the p where the channel exists, large extent of lands lying on either side ~~of the channel is not a large extent of lands~~ of the chan over a distance of about a mile have not been cultivated. It ha to be presumed that water has not been made available to these fields. Therefore, the area now asked for in the state forest is not likely to get a supply of water and the wishes of the petiti cannot be fulfilled.

If water is made available to irrigate the area, t only the question of releasing the lands can be favourably conside

The area inspected by the Hon'ble Minister for Forests shown "BI" and "B III " in the map is separated by a narrow strip shown as "BII". It is deemed desirable from the point of effective protection of the forest, to have a continuous area and as such " BII" can also be released. By the release of this block the area "BIV" north and "BIII " will be left over as a n narrow strip, protection would be difficult. As such, it would perhaps be better to release the entire area marked " A " B " "C"- "D" "E" The area may be approximately 600 acres.

Survey No.76 of Dabbahalli in Dhangur State Forest is within t the area of 1500 acres which has been at present earmarked for Shimsha Electric Colony. It would not be desirable to release any lands from this area.

The sketch of the State forest with the areas proposed to be released, as also the 9 petitions in original are herewith submitted.

--

Extract of Tour Journal of Sri.B.P.Ramakrishna, Conservator of Forests, Coorg Circle for the month of June 1959.

x x x

27th June 1959 Mandya. Dhangur State Forest Shimshapur and back. by van.

Inspected the three blocks aggregating an area of 150 acres included in Dhanagaur State forest, required to be releasee for cultivation. The two blocks within the Halasanahalli and Dhanagur village limits, are no doubt suited for wet cultivation but from the run of the channel, it would appear that only one of the two blocks can be irrigated. It was ascertained that because of inadequate flow of water in the existing channels many of the lands commended by the channel have still not been converted for wet cultivation. It would appear therefore desirable to defer disafforestation of the area and consider the question afresh after the channel is extended and the area irrigable under it is definitely known.

As regards the third of the Block of 50 acres in S.N.&76 of Dabbahalla, I was informed that the area shown to the Hon'ble Minister as required for cultivation is differnet from the one appli applied for. Thearea shown to the Hon'ble Minister contains a very heavy growth of healthy sandal saplings bulk of which would be destroyed if the area is brought under cultivation. The area applied for on the other hand is close to a channel and can be released without disfiguring the boundaries. But the area applied for is within the belt set apart under G.O for the Shimsha Project works and if it is released, it would seem that concurrence of the Mysore Electricity Board would be necessary.
